October Issue

## In this issue:

- Homecoming
- Bedlam in the Boro
- Pumpkin Picking
- Garden Cleanup Spectacular
- HorizonWALKS
- Joint Region LMN Conference
- Brother of the Month
- Chapter Update: Closing Remarks

## Homecoming

On Saturday October 5<sup>th</sup> McDaniel held the annual Homecoming football game. Both current brothers and AEL alumni came together to celebrate at our APO tailgate. We all had a great time hanging out together and getting to know each other a little better! Thank you to all the alumni that were able to come or who helped contribute to our potluck!

## Bedlam in the Boro

Bedlam in the Boro is a haunted hayride and house of horror that is put on by the Lineboro Volunteer Fire Department in Lineboro, MD. The fire department asks for volunteers to act in the various scenes of the hayride and the haunted house. Last year was the first time that our chapter participated in this event and it has become a fan favorite ever since. Brothers have a great time getting dressed up, having their makeup done, and scaring people. This year several brothers participated in a car crash masked murderer scene for the hayride while others dressed as variations of clowns in the horror house.

## Pumpkin Picking

Another tradition that our chapter started last year that continues with the spooky October theme is group pumpkin picking at Baugher's Farm. Brothers love getting the chance to go off campus, enjoy a fun hayride, pick some pumpkins, enjoy yummy food, and bond with one another (while also taking some pretty great pictures).

## Garden Cleanup Spectacular

APO joined up with the Environmental Studies department and the club Green Life to help get the McDaniel campus garden ready for the winter season. Brothers helped to remove plants, spread compost, and plant some plants in order for early summer harvest.

## HorizonWALKS

Horizon Day Camps works to give back a childhood to children with cancer and their siblings and offers many camps and other programs free of charge. HoizonWALKS is a walk event that works to raise money for the camp programs. A McDaniel employee reached out to our chapter with this opportunity as she has sent her sons to Horizon's Day camp. We were so happy to be able to volunteer and to help support Team Super Oliver!

## Joint Region LMN Conference

On the weekend of October 27<sup>th</sup> five current brothers of AEL, two pledges, and alumni brother Atticus Rice 19' traveled about 7 hours down to NC State University in Raleigh, NC for the Joint Region LMN conference. While there, brothers attended different sessions as alumni of APO presented on various topics such as Understanding Bylaws, Connecting with Advisors, and sitting on a Service Roundtable with other chapters and exchanging ideas. Alumni Brother Atticus Rice along with Region N Chair Diane Trafton worked together to present a session on Membership Retention and Engagement. AEL Brothers were able to meet brothers from all along the east coast and learned so many new things to bring back to the chapter!

**Brother of the Month:**  
**Mackenzie Meyer**

**Year:** Junior; Class of 2021

**Pledge Year:** Spring 2018

**Hometown:** San Jose, CA

**Major:** Biology

**Minor:** Chemistry

**What APO means to Mackenzie:**

“APO is another family on campus that has made the Hill become my second home. I have met so many great people and made amazing friends. I love the opportunities it has provided me with to connect to the McDaniel community and community around us.”

Hello Alpha Epsilon Lambda Alum,

Happy Halloween! With this being one of the spookiest months of the year Alpha Epsilon Lambda sure did stick with the theme and complete some fall-tastic service and fellowship this past month. Things are moving by quickly here on the Hill. Midterms and Fall Break are both over and finals are rapidly approaching. Looking at the happier side of things though, this means we will soon be inducting new Brothers into our chapter! There is only one more week of pledge class and then new Brothers will be inducted on November 10<sup>th</sup> at 6pm in Little Baker. The pledges are hard at work completing all their requirements while current Brothers are preparing to welcome 20 new brothers into both our chapter and our lineages. We hope you join in spirit to soon welcome these pledges officially into our great Brotherhood!

We look forward to November with open eyes as the chapter looks forward to exciting happenings such as officer elections and many more service, leadership, and fellowship events!

In leadership, friendship, and service,

Micaela Champion
