

# Alpha Epsilon Lambda

## Green Terror Newsletter

October edition

### In this edition:

- Brother of the Month
- Homecoming
- Milk and Cookies
- Trick or Treat for Cans

Meet our brother of the month:  
**Julie McElree!**

Julie is a senior biomedical science major with a psychology minor. She is originally from Lorton, Virginia.

Julie loves APO because she has made a lot of friends that she can see meeting up with in the future. She likes doing all the service events and they allow her to take a break from her usual schedule. Her favorite events are the ones where she gets to work with children.

### Milk and Cookies:

On October 24<sup>th</sup>, we had brothers from the UMD chapter come to McDaniel for Milk and Cookies! We played a UMD-McDaniel-APO kahoot. Then we enjoyed some milk and cookies while getting to know each other.

### Homecoming tailgate:

Thank you to everyone who came out to our homecoming tailgate! All of the active brothers loved seeing and meeting alumni! We have one more home football game on November 13<sup>th</sup>, we'd love to see you there!

### Trick or Treat for Cans:

On October 25<sup>th</sup>, brothers went out into the Westminster community and dropped off bags for our Trick or Treat for Cans food drive. Then after chapter on Halloween, they went out and collected all of the canned goods and nonperishables that were donated. We had a really great turn out!

**Hello Alpha Epsilon Lambda Alumi,**

**Happy Halloween! This month held so many exciting opportunities for our chapter between connecting with other chapters and helping out in the community! Next month, we look forward to initiating our new pledges. We look forward to November with open eyes as the chapter looks forward to exciting happenings with many more service, leadership, and fellowship events**

**In leadership, friendship, and service,**

**Mia Fisher**
